

**Process. Search. Filter. Produce. Simple.**

# Connect Case Manager

**Level: Advanced**

Vound training courses will prepare you to effectively utilize Intella when conducting a range of tasks such as processing, searching, and reviewing email and other data for investigations and eDiscovery matters. The Connect Senior Reviewer class is designed to share knowledge and best practices in the use of Intella Connect through a web browser. Throughout this course, attendees will be exposed to lectures and self-paced labs to reinforce the concepts presented throughout the learning modules..

## Learning Objectives

### Creating and Managing Cases in Connect

- Review the Connect Dashboard
  - Case list
  - Activity functions
- Describe the function of case templates
- Learn how to merge cases
- Best practices and techniques in case creation
- Apply reviewer roles to cases
